

# California PRESENTERS

California Presenters was founded in 1985 as a statewide coalition of organizations committed to advancing professional touring and presenting of the performing arts. As such, California Presenters nurtures organizational leadership, professional development, and knowledge exchange in the performing arts.

Twenty-five years later, California Presenters affirms this mission and promotes four core goals to support our field in a rapidly changing arts environment:

CP hosts an annual presenter-to-presenter Artist Information Exchange

CP provides funding to support New Work artist tours to California Presenter members

CP advocates at the regional, state and national level for the arts in California

CP supports, nurtures and develops leadership for new professionals in the presenting field

California Presenters recognizes the critical need to nurture and sustain presenter-to-presenter collaboration, partnerships, and dialogue about the arts in our state. An open exchange of ideas that address the challenges, changes and issues that California presenting arts organizations face is an important hallmark of California Presenters.

## Member Benefits Include...

Access to annual Artist Information Exchange (AIE) Conference held each May/June designed for presenters to network with peers, discover new artists, and learn about tours in a variety of genres enabling affordable touring of the highest quality.

Professional Development webinars and in-person sessions at AIE conference with nationally renowned experts.

Update meetings held at the annual regional Western Arts Alliance conference and the Association of Performing Arts Presenters (APAP) conference discussing hot topics, potential funding, new collaborations and touring.

Access to New Work Tour Support Program.

Leadership development of emerging arts professionals.

Invaluable e-mail bulletins and a presenter list-serve for information sharing.
